Fly In to Turku, Finland from Thursday 10th until Sunday 13th of August 2017

Welcome to IFFR Scandinavian sections meeting in Turku

Turku is the oldest town in Finland, founded most likely at the end of 13th century. Turku used to be the capital of Finland, it wasn't until 1812 Helsinki took over that role.

Turku sub-region is third largest urban area in Finland and Turku is an important seaport. Turku airport is a 24/7 air-port with capacity for big airplanes. The airport is situated about 10 km from the center of the town.

Turku area is culturally old and rich, there is lot to see and experience. During your stay we will visit some of the main attractions but many will still remain to be explored. We hope you want to come back some day for more.

As public transportation in Turku area is very well arranged we will mainly use public buses for transportation. This gives us flexibility, saves the environment and gives you a good opportunity to better feel day to day living in Finland. Buses are clean and safe and we will take care of buying the tickets and keep track of the timetables.

We are also going to walk quite a lot. A beautiful river, Aurajoki (Aura å in Swedish) runs thru the town and the street banks of the river are made for walking. So be sure to take good walking shoes with you, you will also have good use of them during the guided tour in Naantali and Turku castle. While walking, please keep your eyes open for bicycles. Some bicycle drivers run fast and to avoid collisions it is wise to keep their path open.

Thursday 10th of August, arrival day

For those arriving with own airplane to EFTU airport, please mark IFFR in the remark section of your flight plan. You will be guided to a parking area marked for airplanes taking part at this IFFR meeting. Be careful to take all your belongings from the airplane at once as it is a little hard to visit the plane afterwards. You will be guided either to a gate or to the terminal building. We will meet you just outside the airport fenced area. There is a restaurant at the airport if you want to have lunch there. Transportation to the hotel is by public bus (Line 1) which leaves every 15 minutes just outside the terminal. Ride the bus to the marketplace and have a short 3 minutes' walk to your hotel. We have bus tickets and will help you to find the bus.

have buffé lunch at the Castel restaurant. After lunch, we walk back to bus stop (opposite side of the street) and take bus Line 1 back to Turku center. A 20 min (1 km) walk takes us to Luostarinmäki Handicraft Museum where a guide meets us for a guided tour around the Museum area. Luostarinmäki Handicraft Museum is special because it was the only continues district of wooden houses that survived the fire in 1827 in Turku. It gives us an authentic environment from that time and we will also hear about how the day to day living used to be. The evening program starts at Forum Marinum Maritime Centre which is a lively and versatile center for maritime activities, comprising a national special maritime museum, and the Finnish Navy Museum. We will get an one hour guided tour around the center before the Gala dinner, which is served at the centers restaurant.
